

FAST AND FLEXIBLE GARMENT PERSONALISATION

Print a T-shirt in as little as 8 seconds¹

The XT-640S-DTG delivers the ability to print durable, full-colour designs, photos, logos and text directly onto a wide range of cotton, cotton-rich and white polyester T-shirts and apparel.

Visit www.rolanddg.eu
for further information

A UNIQUE DESIGN FOR A RANGE OF T-SHIRT SIZES

A unique sliding baseplate and jig design allows different sizes of garments to be combined for maximum versatility, especially on short production runs.

Print children's T-shirts to XXXL sizes in the same job.

FAST PRINTING

Accelerate your production. Printing CMYK, produce up to 450 shirts per hour using a 200 x 260mm jig in production mode, or 225 shirts per hour in quality mode².

CMYK AND HIGH-DENSITY WHITE DTG INKS

Produce vibrant effects on white or coloured garments with inks specially developed for direct-to-garment printing.

Prints have a natural look and feel and achieve excellent performance in commercial wash tests.

NEW ERGOSOFT ROLAND EDITION 3 RIP SOFTWARE

Latest generation software is included, improving the user interface and enhancing production workflow. Packed with time and money saving functions such as background colour removal for ink reduction and an auto-white generator.
